Alex Mercer

alex.mercer@example.com | 555-0142 | San Francisco, CA

Summary

Experienced Data Scientist with 5 years of hands-on expertise building production predictive models and machine learning pipelines. Recognized for technical excellence, having excelled at delivering scalable algorithms in complex R&D; environments.

Experience

Lead Data Scientist — Apex Analytics Corp, San Francisco, CA
March 2021 – Present
• Spearheaded deep learning model training using PyTorch for customer retention forecasting.
• Architected distributed feature engineering pipelines using Python and SQL data warehouses.
• Built automated predictive modeling toolkits leveraging sklearn for regression benchmarks.
• Designed interactive executive dashboards in Power BI for cross-departmental reporting.
Data Scientist — BluePeak Insights, San Jose, CA
June 2019 – February 2021
• Conducted SQL queries over massive relational tables to extract feature datasets.
• Evaluated statistical model stability and supported algorithm R&D.;

Education

Master of Science in Computer Science — Stanford University, 2019
Bachelor of Science in Statistics — UC Berkeley, 2017

Skills

Python, SQL, PyTorch, sklearn, Power BI, Statistical Modeling, Machine Learning
